NO. 93.

An Old Democrat on The Senatorial Situation.

A little retrospection, embracing a few bits of personal history, by a layman of nearly a half century's service in the ranks.

Politics and religion are preponderantly prejudice born of environment and absolutely unacquainted with principle and uninfluenced by conscience or scruple. Patriotism and party interest apply mainly, if not only, to the obscure layman. The rare instances of official integrity but prove the rule. Shakespeare's truism of the fantastic tracks of those clothed with a little brief authority, applies equally to the necessary misfit who enjoys a brief season of official power.

Jewell's generalization and Mulligan's specification of politics are eminently a fitting apostrophe to the famous Ashland District, which in very recent times has demonstrated the rule that self is paramount and party interests and previous preferences wholly subordinate considerations. John G. C. and W. C. F. B. were of trodding-nag, W. C. Owens and Milton J. Durham, of Lilliputia, W. O. Bradley and Armp Swope, of the olden time. There are those who allege a flaw and taint in James H. McCrory's title to the gubernatorial nomination, and likewise smile at "Cerro Gordo" Williams' sagacity in declining to claim his own and succeeding to a higher plane. And the correspondents to dailies report "Vaseline Jimmy" mum as an oyster when Beckham's prospects were mentioned. Jimmy put up the price of votes in the Eighth and the loudest boast of benchmen when his turn came to beg a hand-out has been he always "put up" freely for the little fellows clamoring for party favors. In sizing up Jimmy, the Saturday Evening Post's correspondent concludes: "A shake of the hand from him is a benediction. He adds a beaming distinction to the front row on his side," but that is about all. I do not know the correspondent but many will agree that he knows Jimmy, and who doubts that the great statesman (?) will share Bill Haleman's exultation if Beckham fails of his ambition.

The snap judgment of conventions had become so flagrant that a primary election was adopted as fairest means of majority rule and the contestants morally and legally pledged to cheerful and cordial support of the nominee in maintenance of party harmony and organization.

Disgruntled, disappointed candidates who sulk and bolt, generally find that resurrection is not universal. The fledgling who poses as a reformer and flamboyantly prates of a hypertrophied conscience which sublimates and sanctifies him into something bigger and better than his benefactor and creator, lives to realize that his labored lucubration is truly pitiful pathos.

Conceding sincerity in the emulation of colossal mercenaries in cloakings, resentments under phony loyalty and reform and conscience there will abide suspicion of a nigger in the woodpile. When the mudguts play to the gallery the rule or rule principle seems just as applicable to the atrocious reformers as to Beckham, who was glorified as governor and astute politician long as the distribution of patronage appeared clamor and the greedy were not an endangered.

How any conscientious man can be persuaded to violate a moral and legal duty behind a technicality, or any honest voter encourage it, is past the comprehension of an Old Democrat.

Rank Foolishness.

When attacked by a cough or a cold or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empires, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies, sold under guarantee at Penny's Drug Store, 506 and 81. Trial bottle free.

James Sellers, a prosperous farmer of Pendleton county, has lost his mind from brooding over the tobacco situation. He did not pool his crop and has been reading of night riders. He fears they will burn his barn, containing between 5,000 and 6,000 pounds of tobacco. He is in a critical condition.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. G. L. Penny.

Boyle Democrats' Statement.

We, the undersigned Democrats of Boyle county, desire to correct the untrue report which we find published by some of the press in regard to the sentiment of the Democratic voters of Boyle county in the Senatorial race. We feel that we are in touch with the party in our county and that it is almost solidly in favor of the election of the duly nominated candidate of the party.

The Boyle county Democracy enjoys the distinction of having in connection with one other county in the State increased its majority over the common enemy at the November election and it directed at that election that the Hon. E. W. Lillard cast its vote in the Legislature for ex-Governor Beckham.

The report is now in circulation, sent out by some one who, we believe, knows nothing of the sentiment of the party, that there has been a change since the election. We believe that we can truthfully say that nine-tenths if not all of the Democrats of the entire county, desire its representative to cast the party vote which he was commissioned by it to cast, and which he pledged himself to cast, for ex-Gov. Beckham.

In the interest of our party we have voluntarily come to Frankfort to ascertain from our representative why Boyle County's vote thus far has not been cast for Gov. Beckham. Both he and we know that Governor Beckham's personal presence in the county and active canvass of it largely enabled the party to send him to the Legislature for the purpose of electing the Democratic nominee to the United States Senate.

We trust that the press will no longer misrepresent the feeling and the sentiment of the Democracy of Boyle county.

Robert Harding, C. N. Smith, B. J. Durham, R. G. Evans, W. J. Price, W. Logan Wood, Geo. W. Coulter, W. S. Fitzgerald, J. C. Davis, F. Timoney, R. H. West, W. M. Zimmerman, Wm. King, R. C. Fitzgerald, John C. Voris, A. T. Wingate, M. M. May, H. G. Wingate.

DISASTER.

Governor Beckham won his nomination in a State primary. Whatever is said of the methods of Governor Beckham and his friends, can be equally as truthfully charged against those opposed to him. In no respect was the contest waged upon a higher or cleaner plane by one side than by the other. The pot cannot call the kettle black. By a majority of over 11,000, the Democratic voters of Kentucky declared Governor Beckham to be their choice for United States Senator.

The attempt to nullify this clearly expressed will of a decisive majority, a malice run riot and madness, pure and simple. If this program is carried out, it will be accomplished at the cost of the very life of the Democratic party in Kentucky. A majority of 66 will not yield to a minority of seven. Of course, these insurgents to characterize them by the mildest name possible—can defeat the Democratic nominee. They can with the help of the Republicans, elect Bradley to the Senate. But they are, at the same time, heaping up damnation to themselves and ruin for the party whose servants they are. That they can, in slightest degree, justify their action is beyond all possibility. Every Democratic legislator who fails to support Governor Beckham by his vote, stultifies himself and aids in the murder of Democracy.

The situation at Frankfort is viewed with profound alarm, sorrow and regret by Democrats everywhere. Glasgow Times.

When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak insular nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Penny's Drug Store.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Penny's Drug Store, 25c.

A tickle cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The well-known green leaves and white stems of a long-leaved medicinal shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to soothe or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always, demand Dr. Shoop's Cough Cure. Penny's Drug Store.

In Memory of Little Harry Griffin.

It did indeed seem hard to us all when God, seeing he needed another little jewel in his band, sent the death angel down to the home of Mr. and Mrs. H. S. Griffin and plucked the bud from the stem to bear little Harry back to the God who gave him. Harry was only two months with us here to love when God saw such a precious jewel could not endure the dark clouds and raging tempests of this life and that heaven, not earth, was our darling's home.

It is so hard for father and mother to surrender their first born and say: "God's will be done" and human consolation does not reach their broken hearts and we can only point them to Him Who doeth all things well. For even though he can never return to us, the day is not far distant when they shall be reunited with their angel babe to part no more. Not now, but then we'll understand why he was given to us for such a short time. Little Harry's life had been one of constant suffering despite the many efforts made by mother and father to relieve him. It must be a great comfort for them to know everything in human power was done for their darling, but death must have been a welcome visitor when it came to bear the little soul back to its Maker.

From one who knew and loved him.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute" says the doctor. "Health Coffee" is really the closest Coffee imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee imitation is made from pure toasted cereals or grains, with malt, ants, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. Penny's Drug Store.

This he secured, and he made a dart for the door, but Mr. Hester was too quick for him and grabbing him, prevented his escape. THE PEOPLE'S FRIENDS.—No play has ever won for itself so much human love and so much of true friendship from the whole public as Clarence Bennett's The Holy City. It takes hold of the heart of the auditor at once. It bears that magic spell of genius that makes it real to an auditor. He at once forgets that it is a play and is carried away with its realism. Having once seen it, it ever after takes on a sort of personality. It becomes to us like some person whom we have known and loved. We remember it not as a play, but as an old friend, and, on its return, hasten to grasp it by the hand and say, "Welcome!" It is the only play that pleases everybody. This is one true mark of real genius in a drama. Another is that every time you see it again, you find new and beautiful things that you had never seen in it before. This is one of the few plays that will live to delight our grandchildren and their children after them. See The Holy City at Walton's Opera House next Monday night, 27th.
